**RACE FOR THE BALTIC** is a multi-stakeholder campaign calling for action and implementation of environmentally sustainable and scientifically supported practices throughout the Baltic Sea region.

**RACE FOR THE BALTIC IS BASED ON 3 ASKS**

**REVIVE** the biological diversity of the Baltic Sea.

**RECOVER** the natural wealth of the fish stocks in the Baltic Sea to ensure long-term sustainability.

**RESTORE** the water quality through a reduction of nutrients and pollutants flowing into the Baltic Sea.

Join us and sign the Race for the Baltic petition, urging your government to take the necessary steps to save the Baltic Sea. We need **YOU** to make a difference!
